

## IMPORTANT BUSINESS NEWS

### WHAT IS GOING ON TONIGHT

Moving Pictures and Illustrated Songs at Broad Theater.  
Vaudeville and Motion Pictures at Auditorium.  
Vaudeville and Motion Pictures at Broadway Theater.  
Typographical Union, No. 100, meets in C. L. Hall.

### ANNOUNCEMENTS

Shoe, specialties today Saturday, is what Frank A. Bill offers. Ladies' \$2.00 shoes \$1.50, the \$2.50 shoes at \$2.00. Ladies' \$1.50 and \$1.00 for top gulls \$1.00; big values in men's shoes and rubbers of best makes.

### BROADWAY THEATER.

It is quite evident that the theater goes of this city appreciate good clean, refined vaudeville and motion pictures that are new. Judging by the applause which would be hard to find a more appreciative audience than attended the Broadway Theater last evening.

Next week, starting Monday, will find another array of the same grade of acts, headed by the Chamberlains, who are experts. This act is a great favorite around New York, coming here after having played in the largest vaudeville theater in the country.

Madell and Corbally have a comedy musical skit entitled "Summer Boarders and Some-Not." Mr. Madell plays several novelty instruments and Miss Corbally introduces numerous character changes. A team of black-face comedians who always please are Noble and Rely. Their singing and dancing are exceptionally clever. An act with Maxwell Holden, the European shadowgraphist, will round out the vaudeville array.

Another Indian picture, Young Deer's Bravery, will be featured with several others, which are all new.

### THE AUDITORIUM.

The week of January 10 will be the first under the new policy, namely that of changing the vaudeville programme twice weekly, to give the heavy settings and effects carried by the feature act the management have decided to keep them whole week, the rest of the programme, however, to be changed. The Imperial Musical Trio head the bill in the new program offering. Introducing Miss May DeLain, the world's representative pianist.

A special electrical switchboard are carried for this act alone. The "Kornel Kuan" Bill Tom Long, in his provocative songs and stories will add a dash of comedy. A novelty in the gymnastic line is a revolving ladder act of the Acrobats, which calls for both dexterity and daring.

The Ranch Girls is the act presented by the Gilmore sisters, in which some class singing and dancing are introduced. A new feature will be the Auditorium trio, who will be heard in My Old Kentucky Home, illustrated song by Lillian Morelle. Tell me in the Twelfth. A snappy song of motion pictures will fill out a bill that is like a hard-boiled egg—can't be beat.

### BREED THEATER.

"In Little Italy," Thrilling Sicilian Story.

In the splendid film presented at the Breed theater for the balance of the week, the title of which is "In Little Italy," the public has one of the brightest and most interesting story-pictures available. It begins with a melodramatic in character and forcefully reminding its witnesses of the love and jealousy of these romantic people. The strong story of a rejected lover's persistence is a masterpiece of the picture. The Italian lady is one of the best motion picture actresses of the season, as is the attempt of the lover to force an entrance into the home of the fascinating widow. There is not a moment in this picture that is dull or uninteresting, and the result is in "In Little Italy" is one of the best pictures yet, and added to this fact is the fact that it is a Biography, leaves nothing to be desired.

### GIFTS TO CHURCH.

St. Paul's Episcopal Parish, New Haven, receives fund for Chapel, and House and Grounds.

Two important gifts to St. Paul's Episcopal church were announced on Wednesday at the special service in the vestry in the evening. One was that funds sufficient for the erection of a chapel adjacent to the church at the corner of Olive and Chapel streets are to be turned over to the church by George L. Armstrong.

The Rev. J. DeWolfe Perry, Jr., pastor of the church, in his announcement regarding the former gift and the name of the donor was withheld and will not be used by the Women's guild. The plans have been completed by Frank Goodrich and Eugene architects of New York City. The work of building will begin in the spring.

The other gift was made known in a communication to the meeting from George L. Armstrong. In it he stated that he wished to make the parish a present of the house and grounds in Olive street belonging to him. He gives it in memory of his wife who died a short time ago and it will be known as "The Mrs. Sarah Thorne Armstrong trust." It will be used for the benevolent work of the parish. The gift is a particularly valuable one to St. Paul's, owing to the proximity to the church and parish house buildings.—New Haven Palladium.

Trinity Gets New York Legacy.  
Trinity college of Hartford is a beneficiary named in the will of the late Rev. Dr. John Brainerd, who was admitted to probate in Auburn, N. Y., on Wednesday. The will established for Trinity college the "John Brainerd Fund," the principal of which is \$5,000, and provides that the income upon the condition that the income shall be used for the support of the college.

Tired of Being a Humorist.  
John D. Rockefeller may refuse the "Standard Oil University" another million on the ground that it might blow in for a few more scientific professors.—Louisville Courier-Journal.

## SUNDAY SUBJECTS.

The subject at the Christian Science meeting Sunday will be Sacrament.

Rev. Joseph F. Cobb will conduct the services at the Sheltering Arms Sunday afternoon.

Rev. Dr. S. H. Howe will preach Sunday morning and afternoon at Park Congregational church.

There will be preaching Sunday morning and evening at the Norwich Town Methodist Episcopal church.

At the Mt. Calvary Baptist church Rev. W. H. Washington of Springfield will preach Sunday morning and evening.

There will be preaching both morning and evening at the First Congregational church by the pastor, Rev. G. H. Ewing.

At the North Main Street Methodist Episcopal church there will be preaching at 2:15 Sunday, followed by Sunday school.

There will be morning prayer and sermon at 10:30, with evening prayer and sermon at 7:30, at St. Andrew's church on Sunday.

At the Salvation Army headquarters in the Chapman building in Bath street there will be services Sunday morning, afternoon and evening.

Mrs. A. J. Pettigill-Convers of Malden, lecturing at the meeting, will speak and give spirit messages at the Spiritual Academy Sunday morning and evening.

A Discouraged Note is the morning topic at the First Baptist church Sunday. His evening topic is Selah, and there will be chorus singing.

The services at Christ church on Sunday will be as follows: Holy Communion at 8:30, morning prayer and sermon at 10:30, evening prayer and sermon at 7:30.

At the Universalist church, held at Buckingham Memorial, Rev. Joseph F. Cobb on Sunday begins a series of sermons on "Excellent Days in the Life of Peter, The Day of Decision."

Miss Savannah Hall of New York, a prominent evangelist, is here to conduct a series of meetings at the Methodist Episcopal church Sunday. His evening topic is Selah, and there will be chorus singing.

There will be Holy Communion at 9:30, morning prayer and sermon at 10:30, and evening prayer and sermon at 7:30, at Trinity Episcopal church Sunday. Archdeacon J. Eldred Brown officiating.

Rev. W. S. MacIntyre of Hartford will preach Sunday morning at Trinity Methodist Episcopal church. The evening service will be largely musical with General Secretary W. A. Morse of the Y. M. C. A. in charge.

At the Taftville Congregational church Sunday morning, Rev. M. D. Kneeland, secretary of the New England Sabbath Protective league, will speak. In the evening the pastor, Rev. O. B. MacLane, will preach.

At the Second Congregational church Sunday morning, Rev. W. H. Lathrop of Shelton, Conn., will preach, his morning topic being The Call of Christ. In the evening his topic will be The Promised Rest in Jesus.

At the Greenville Congregational church Sunday morning the pastor will speak on Our Ignorance and Our Knowledge of the Future. In the evening Rev. W. S. MacIntyre of Rockville will present the work of the Connecticut Temperance union.

AVERAGE "WHISKERS" A CRANK.  
Is Basis of Barber's Discussion, but Prices Remain the Same.

The master barbers of Bridgeport held a largely attended meeting Tuesday night. It was intended last week that the rate of cutting off hair on gentlemen's heads was to be raised from 25 to 50 cents. That was the reason there was a large attendance. The general opinion was that the raising of the rate was a mistake, and the report came from and who was responsible for it. As everybody disdained the raising of the rate, the association decided that they would not heed the whisper of Daniel Turner, and the rate of 25 cents will remain.

The question of trimming whiskers came up and caused some warm discussion. The tariff on trimming whiskers is now 15 cents. Most of the men wanted it raised to 25 cents, as they claimed that it was little enough at that. The basis of the discussion was that the average "whisker" is a crank anyway, that it is just as hard to trim a whisker as a head, and as wearing whiskers is considered as being the proper thing, a la mode, come ill, fault, recherche, etc., etc., those who indulged in the whim should be taxed for it. But the conservative members prevailed, and the rate will still remain at 15 cents.—Norwalk News.

GROWTH OF GAS-PRODUCER POWER PLANTS.  
Report by the United States Geological Survey.

More than 500 producer-gas power plants, ranging in size from 15 to 6,000 horsepower, are now in operation in the United States. About 85 per cent. of these plants are running on anthracite coal, a few on anthracite or coke, and the remainder on bituminous coal and lignite. In a bulletin on the recent development of the gas-producer power plant in the United States (Bulletin No. 116), just issued by the United States geological survey, R. B. Fernald, consulting engineer, states that the internal-combustion engine has already become a serious rival of the steam engine in many of its applications, and that the development of the large gas engine within the last few years has been extremely rapid. Only nine years ago a 50-horsepower engine exhibited at the Paris exposition was regarded as a wonder, but today four-cycle, high-speed engines of 2,000 to 3,500 horsepower can be found in nearly all well-equipped steel plants, and some plants in the country contain several units rated at 3,400 horsepower each.

Rapid Development of the Gas Engine.  
The rapid development of the large gas engine was made possible by improvements in the production of cheap gas directly from fuel by means of the gas producer. A few scattered producer-gas plants were installed for power production in the United States before 1900, but the application of engines of this type to the production of power in any general sense has been developed since that date. During the first few years of this period of development anthracite coal, coke, and the amount of sulphur or tarry matter they contain.

## The Annoyance of Flatulence

Many People Are Annoyed With Gas in the Stomach and Intestines.

A Trial Package of Stuart's Charcoal Lozenges Sent Free.

Flatulence is due to the presence of gas in the stomach and intestines, which often rolls about, producing burping, or rumbling noises in the intestinal tract, and causes the victim of this trouble considerable embarrassment when such noises occur while in company.

An analysis of gas from the stomach shows that it consists of a great extent of nitrogen and carbonic acid. It is therefore probable that some of the gas in the stomach consists simply of air which has been swallowed, although for the most part, the source of flatulence is the gas given off from the food in the abnormal processes of decomposition.

In cases of chronic gastric catarrh, the secretion of gastric juice in the stomach is deficient, the food is digested slowly and fermentation occurs with the evolution of gas.

Swallowed air, however, plays a more important part in causing flatulence, especially those of a tenacious character, such as pea-soup, appears to carry a large amount of gas.

Flatulent distensions of the intestines occur when a large amount of gas enters a big line of Shingles. Call us up and let us tell you about our stock.
